Please make sure that you are fit enough to undertake the walk you intend to join. If you're unsure of your fitness level, try a short and easy walk first.

Most Ramblers' walks are off-road in rural areas. Please have suitable footwear and clothing for the walk you intend to join. Leaders may refuse to accept participants who in their opinion are inadequately equipped or unfit.

For your own and others' safety please read and abide by any advice and guidelines issued by the organisers, and the instructions of the walk leader. Though walking is inherently one of the safest outdoor activities, no activity is completely without risk and it is your responsibility to behave sensibly and to minimise the potential for accidents to occur.

If you wish to bring a dog on any walk, please contact the leader beforehand to check suitability.

Most daytime walks have a break for refreshments. Please also bring a packed lunch if out all day.

Please be aware that our walks always depart at the time stated.

Sunday walks are either: two half days, usually with a morning walk of 7 miles and an afternoon walk of about 5 miles; or one full day of 12+ miles; (ending about 4.00pm).

Wednesday morning walks are generally 6-7 miles, finishing by 1.00pm.

Weekday long walks are generally 9-12 miles, finishing mid afternoon.

Weekday ambles are short walks (5 miles or less) conducted at a leisurely pace and may be of particular interest to those new or returning to walking.

Bus walks have a bus component, either the chance to reach the start point with the bus or integrated within the walk.

Summer Evening walks are usually about 4 miles (1.5 hours).

Leaders state in the programme if a walk is likely to differ appreciably from these guidelines.

If you have any questions about a particular walk, please contact the leader.

For other enquiries about our club, please contact any committee member.
